Summary

Talented Software Developer equipped with great coding, debugging and project management abilities. Accomplishes project goals consistently with elegant, scalable code. Works great with team members under Agile and Scrum frameworks.

Skills

- Data structures and algorithms
- HTML, CSS, JAVASCRIPT
- Node Js (Beginner)
- Object-Oriented Programming
- Programming Languages: C, C++, Python
- Teamwork and Collaboration
- Problem-solving aptitude

Projects and Experience

- Beginner Level JavaScript Game : https://lnkd.in/gRj6jkYb
  (March 2024 - March 2024)
  To learn JavaScript for Front-end web development, I made a simple game of Rock-Paper-Scissors

- Portfolio website
  (February 2024 - March 2024)
  I built a portfolio website to grab a better understanding of HTML and CSS in Front end web development.

- Indie Game : https://www.moonwalkgames.net/ata
  Along with a friend of mine, together we developed an indie game called '**A Thugs Ascension**' and released it on January 16th 2024. Since then the game has been doing well on sales.
